

Huanle ZHANG

PERSONAL INFORMATION

ADDRESS: 745 F ST APT 19, Davis, CA 95616
PHONE: +1 530 7605938
EMAIL: dtczhang@ucdavis.edu
WEBSITE: www.huanlezhang.com

EDUCATION

Current Doctorate Degree in Computer and Information Sciences
SEP 2016 **University of California, Davis, CA**
 Supervisor: Prof. Prasant MOHAPATRA

JUNE 2014 Master Degree in Communication and Information System
SEP 2011 **University of Electronic Science and Technology of China**
(3 years) Thesis: "Research on Heterogeneous Femtocell Networks"
 Supervisor: Prof. Jian LIU

JUNE 2011 Bachelor Degree in Communication Engineering
SEP 2007 **Hangzhou Dianzi University, China**
(4 years) Thesis: "Research on Pitch Detection of Voice Signals based on SHR Algorithm"
 Supervisor: Prof. Na YING

WORK AND INTERNSHIP EXPERIENCE

AUG 2018 Summer Intern
JUNE 2018 **Bell Laboratory, USA**
(10 weeks) Supervisor: Dr. Sarit MUKHERJEE, Dr. Fang HAO, Dr. Mostafa UDDIN

JUNE 2018 Spring Intern
MAR 2018 **Microsoft Research Asia, China**
(12 weeks) Supervisor: Dr. Yunxin LIU
 Conducted research on Machine Learning, including Distributed Models, Model Compression and Image Super-Resolution.

SEP 2017 Summer Intern
JULY 2017 **Simula Research Laboratory, Norway**
(2 months) Supervisor: Dr. Ahmed ELMOKASHFI
 Developed wireless transmission solutions for AV/VR systems that require very high throughput and low latency. Became familiar with Linux kernel programming, multipath TCP and WiFi driver source codes.

JUNE 2016 Project Officer (Research Assistant)
AUG 2014 **Nanyang Technological University, Singapore**
(2 years) Supervisor: Prof. Mo LI
 Conducted research on mobile applications and systems, such as localization, mobile sensing, and data analysis. Became familiar with sensor networks and data dissemination.

KEY SKILLS

Machine Learning	Python: TensorFlow, Keras, Sciki-Learn
Data Analysis	Python, Matlab
Linux Kernel Programing	C, Shell Scripts, Linux Utilities
Android Development	Java: Android Studio

ACHIEVEMENTS

2015 Best Paper Award, ACM Conference on Embedded Networked Sensor Systems (ACM SenSys)
